Innotech®
Engineering Devices Pvt. Ltd.

Stand Wire Extensometer

Accurate Measurement of Wire & Strand Extension

Technical Blueprint

Key Features

- Dual Dial Indicators
- Adjustable Contact Assembly
- Spring-Loaded Mechanism
- Rigid & Durable Design
- Suitable for Wire & Strand Testing

Applications

- Steel Wire & Strand Testing
- Prestressing Strand Evaluation
- Quality Control Laboratories
- Research & Development
- UTM-Based Testing

Benefits

- Direct Extension Measurement
- Supports Material Evaluation
- Easy to Use
- Reliable & Repeatable Results
- Ideal for Industrial & Laboratory Use
