INNOTECH ENGINEERING DEVICES PRIVATE LIMITED

HUMIDITY AND TEMPERATURE CONDITIONING CHAMBER

Controlled Environmental Conditioning for Laboratory & Industrial Testing

KEY FEATURES

- Precise Temperature and Relative Humidity Control
- Stable & Uniform Test Conditions
- Forced Air Circulation for Consistent Conditioning
- Digital / PLC Control with Easy Operation
- Optional Data Logging for Test Record & Analysis
- Robust, Reliable & Long Service Life

TECHNICAL SPECIFICATIONS

Chamber Capacity	As per customer requirement
Temperature Range	As per customer requirement
Humidity Range	As per customer requirement
Control System	Customized as per customer requirement
Internal Arrangement	Customized as per customer requirement

WE MANUFACTURE CHAMBERS AS PER CUSTOMER REQUIREMENTS.

HOW IT WORKS

Set Temperature & RH → Uniform Air Circulation → Condition Test Specimen

APPLICATIONS

Electronics & Electrical | Automotive | Pharmaceuticals | Plastics & Polymers | Packaging & Materials | R&D and Quality Control

CUSTOMIZATION OPTIONS

Chamber Size (As Required) | Internal Layout | Control Configuration | Additional Features (As Needed)
